"We are grateful to the Washington Post, the New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost 40 years.....It would be impossible for us to develop our plan for the world if we had been in the bright lights of publicity during those years. But, the world is more sophisticated and

prepared to march towards a world government. The supernational sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries.” ~ **David Rockefeller**

Divide and rule—Divide and rule—Divide and rule. Are you beginning to see what is going on in this country and the world? Can you possibly understand that you are digging your own graves by allowing yourselves to be lied to, manipulated, and controlled en masse? Is your perception so narrowly focused that your only reality is sheer darkness? That certainly appears to be the case when discussing the plight of the masses today. In order to see, one must be willing to look and to find the truth, and then act on that truth. Anything less is cowardice in the face of tyranny.

Once eyes are open, it becomes ridiculously obvious that everything going on today is a calculated plot; one that has been active for decades, but that has recently accelerated dramatically as the new world order and its global government scheme is getting closer to fruition. Keep in mind, that this world is being run by the very few, while hundreds of millions here, and billions on earth, are supporting and accepting their own enslavement at the hands of a tiny minority of what is a ruling conspiratorial cabal.

Consider just some of the atrocities happening, and how they are all tied together in what is referred to by the ruling class, governments, and the controlled media, as consequential. Consider that most of these horrendous events, and the response to these nefarious acts, are across many boundaries, geographical areas, nation-states, and continents; all acting in a similar manner at the same time. This of course is not possible, unless all this is coordinated among a ruling class of evil monsters, whose victims are all the common people on earth.

For purposes here, the concentration can be limited just to the past four years, as the biggest push toward total globalism has occurred during this recent period of time. Beginning with the ‘fake ‘covid’ fraud, this false threat was accepted as real, treated as a one-world narrative, where virtually every single country in the world acted in concert simultaneously. All these countries prior to this manufactured ‘emergency,’ were somewhat independent, sovereign in some regards, and many were enemies of one another, but they all came together as one to address this obvious bogus risk that

had been telegraphed for years before it was foisted on us all. This is not feasible in any regard, unless coordinated worldwide in advance.

Consider the consequences of this fraud in its mandates, orders, new laws, and restrictions, and how they were universally accepted by every country on earth all at once. Lockdowns were universal, as was mask-wearing, fake testing, 'social distancing,' quarantines, stoppage to travel, and eventually the acceptance and mass-injection worldwide of completely untested, dangerous, and deadly poisons called 'vaccines,' which have caused massive sickness and death which continues to this day.

Consider the immigration plight and global governing push for mass migration, that has destroyed many countries and devastated economies everywhere. Again, this was widespread across all boundaries in the same time period. This is still happening every day, and is causing havoc worldwide.

Consider the 'racism' ploy that has been manufactured, manipulated, lied about, and created and stoked, by all the same players who control the world. This new illegitimate racism is a complete fraud meant only to divide, but any inspection of the motives destroy the entire basis of this fraudulent plot to cause unrest. In essence, this has become real racism against all white people, especially white males, but the entire ruling class and its media whores who perpetuate this lie, are mostly white males. Does this make any sense whatsoever if real racism is the problem? Of course not, as this is just another way to cause hatred and panic, It is in no way valid, but is being used as a weapon in many areas of the world concurrently.

Consider that unnatural fires, fires of such extreme heat and devastation, that entire towns, cities, natural treasures, timber lands, sought-after geographic locations, and human fodder are being targeted. Once again, these are not isolated terror attacks, it is happening worldwide, and in concert. The devastation is occurring in California, Hawaii, New York, most of the western U.S., Canada, Greece, Spain, Turkey, many other parts of Europe, China, Australia; this just to name a few. Most all these fires are much hotter and more deadly than any natural wildfire could be, and again, this is widespread around the world at the same time.

The main blame for much of this terroristic devastation is based on the lie and fraud called 'man-made climate change,' and that in my opinion is the lynchpin of all efforts to destroy this planet, economies, and the bulk of people who make up the masses at

large. Again, this is an agenda that is being pursued worldwide, and in a concerted effort together as one.

Also, there seems to be a gigantic push, fake of course, toward this insane transgender idiocy, and again this is happening in many different countries around the world together. Transgenders make up only a fraction of 1% of populations, but the exposure given this fraud is again universal. If one were to watch television, sporting events, advertising, and staged events, he would think that 'transgenders' made up the bulk of populations. Schools across this entire country, and others as well, are being inundated with this transgender nonsense. It is completely immoral, and to allow children to be exposed to this madness is evil exemplified. But then, control the children, and control the world. It is just a waiting game. Brainwashing and indoctrinating the young will guarantee that when the old no longer inhabit this world, the rulers will have won by default; having a totally dumbed down, compliant, and ignorant population accepting of a supreme authority to manage and control their lives.

Is all of this, and obviously so much more, coincidental? Is it all accidental? Can everything going on in this world happen most everywhere, and all simultaneously, by all different types of people and cultures, and still be considered natural? Or is it ordained by some grand cabal that has a plan for the rest of humanity that only leads to total rule? If most all these atrocities are happening at once, and universally in many cases, is it not obvious that all this is orchestrated, and therefore a pre-determined plot against freedom and individuality? I suggest, that this is exactly what is happening, and the saddest part of it, is that most all of you are blinded by your own desire to hide from truth and reality, by your 'beliefs' fed to you by government, and by accepting kings and rulers who you have voluntarily chosen to be your masters.

Our world today is one of secret societies, of NGOs, of governments, of hidden oligarchs, of technocrats, of 'health masters' called pharmaceuticals, of the media, and of central banks and corporate heads, all who are collaborating, and working toward the same exact agenda, while the lowly masses stand by and watch without lifting a finger. This is our real problem.
